The diagram illustrates the placement of traffic signs for a road construction zone where the road width is reduced. The zone is marked by a hatched area and a minimum width of 2.75m. Signs are placed at 0m, 50m, 150m, and 200m intervals. The signs include:

- 0m:** A7a (Warning of road work), B20a (Circular speed limit 30), and A7a (Inverted triangle speed limit 30).
- 50m:** B20a (Circular speed limit 50).
- 150m:** B20a (Circular speed limit 70).
- 200m:** A15 (Yellow diamond warning of road work) and B21a (Red circle with a black car icon).

 The diagram also shows a pedestrian crossing the road and a worker in the construction zone.
